

Spirituality

At St John the Baptist Church of England Primary School, we believe that spirituality is a process not a thing. Our children take time to stop and reflect before moving on. Within our learning environment and our school grounds, the children have an opportunity to think about their self, the beauty in the world around us, their understanding of others and beyond.

We can encourage our pupils to recognise positives, which Christian's believe we are all special and unique creations that God values and loves.

Reflection focuses on serving others as an outworking of our spirituality, understanding our place in creation as part of a community. Reflection is to encourage an appreciation of the wonder of the world around us and as a reminder that we can use God's creation to still us, and help develop an inner peace.

Reflection can also help us to think about God's Holy Spirit and how His spirit can be evident in our lives and the world around us.
